# Bunting Family Pharmacy

We bring the pharmacy to you!

“Friendly, knowledgeable staff, free local delivery, a family that cares about meeting the needs of your family...Our region's best, hands down!”

-Joe Cuozzo

---

“I absolutely adore this pharmacy! You can feel the hometown difference. There is so much comfort when your pharmacists actually know who you are, and understand your needs! The other day I mentioned offhand that I hadn't made it in to pick up my prescriptions the day before because my little boy was not feeling well. They reminded me that they understand and will come to me when I need them. I really appreciate that. You don't get that kind of care and personal treatment at chain pharmacies. You just don't.

A Family Pharmacy for my family for always!  
If you haven't already - you should make the switch.”

-Megan Calcerano

“They are much more friendly and helpful than the CVS I have been using. I would recommend them to anyone interested in a more personal service.”

-Dave Folsom

---

“My cat Iggy has a life threatening medical issue caused by stress in his environment. The best and last option was to put him on Prozac. I had been struggling for months to find a compounded form of Prozac that my cat would eat without realizing it. I had tried all different forms from all the big name compounding pharmacies around here, all which have been found unpalatable to him. Then a friend told me about this pharmacy and that her cat ate their compounded Prozac with no problem. Here he is 2 months into taking their seafood flavored Prozac and he actually runs into the kitchen when he hears me shake the bottle. I work at a vet office and I recommend all our clients with similar problems to this pharmacy. These people are my heroes. My cat would have never survived if I didn't find them.”

-Nicole Myles

“Always very nice and very quick with my prescriptions as soon as i drop them off I have them in a minute or less. Seem like really nice, closely run, business/people.”

-Vinny Suarez

---

“With having health issues that require prompt and accurate filling as well as serious medicine allergies I needed a place that was quick, accurate, friendly and most importantly knowledgeable. Joe Bunting and staff are all of these they bring that old time not just a patient but family treatment to pharm. You'd be crazy to trust anyone else with these medical needs . Oh and they deliver to your home! Awesome!”

-Allison Dalzell

“ I have intractable epilepsy. In the past I have had issues obtaining my prescribed medication from other pharmacies but never with Bunting’s Family Pharmacy. I would never consider going elsewhere. Thank you! ”

-Gianna Cone

“ Love the staff at Bunting. Friendly and personable. They really make an effort to know their customers. ”

-Kathryn Huemmer Sabatini

## Josiah Bunting RPh, PharmD

Dr. Bunting was born and raised in Linwood, New Jersey where he currently resides with his wife, Angela and two young daughters, Avery and Alexandra. He graduated from Mainland Regional High school in 1994 and went on to play Division I baseball and receive a BS in Biochemistry at Mount Saint Mary's College in 1998, and his Doctorate in Pharmacy degree from the University of Sciences in 2005.

Dr. Bunting has nearly 15 years in the Pharmacy industry and has been the owner and head-pharmacist in charge at Bunting Family Pharmacy since 2008.

Dr. Bunting is still avidly involved in his community with youth, seniors, and veterans. It is his involvement and commitment to his community that has earned Bunting Family Pharmacy as being The Pharmacy of Choice for The Northfield VA Clinic. Additionally, Dr. Bunting is actively and passionately committed to advocating and building awareness for drug addiction and recovery.

Dr. Bunting is a regular attendee and participant in Youth and Family Drug Awareness seminars across the country and is a keynote speaker at schools, recovery clinics, and seminars across the country teaching about drug addiction awareness & prevention, pain management & is a committed member of the Atlantic County Opioid task force. Dr. Bunting is a firm believer that he would not be where he is today without his family and on-going support of his community. It is this passion and commitment to his community and values that his patients value and have come to expect from Bunting Family Pharmacy.
